Coroner Bill Investigates Case of Infanticide—Mother Testifies in Irresponsible Way.

Coroner Arthur G. Bill of Danielson came to this city Tuesday morning with his stenographer and with Medical Examiner Dr. Louis L. Mason performing an autopsy upon the body of the female infant found Monday afternoon in George H. Patenaude's cellar, on Pleasant street, at the undertaking rooms of Elmore & Shepard. The child was fully developed, and the case is one of infanticide. In addition to the apron string wound around the neck three times, there was a piece of cloth about two inches wide tied about the neck and knotted tightly in the back, so that it cut into the flesh, and this caused strangulation, it is believed. A minute examination of the lungs showed that the child had lived after birth; the heart was normal and the musculature development was excellent. The autopsy showed that the infant was not already dead when the stone was placed upon its head in the cellar or that the apron string and strip of cloth were tied quickly about the neck at about the same moment that the infant was buried, as there was sufficient heart action to force blood to the head. Bill said that the case had been turned over to prosecuting attorney E. Frank Bugbee, and that in all probability he would have Mrs. Patenaude arraigned in police court this morning for a preliminary hearing.

From the statements of the coroner it is a plain case of infanticide. He said that the Parker woman was very illiterate and can neither read nor write. She could not even tell date, and depended largely upon a rather poor memory.

permission to go to Mr. Chappell's house for his daughter, but insisted that she walk to the corner and wait for the passing of the bus that carries the pupils to and from school. The distance is quite a stretch, and in extreme cold weather the child endangered her health by having to wait out in all sorts of weather for the conveyance to come along, as it is not always regular. Mr. Chappell took an appeal to the state board of education, and the matter was referred to Agent Simmons for investigation.

DISCUSSED UNION WITH

BUSINESS MEN'S ASSOCIATION.

Quarterly Meeting of Board of Trade—

Selectman Cheney of Manchester

Speaks.

The Willimantic Board of Trade gave another of its series of social suppers Tuesday evening at the board's rooms in the Loomer opera house block. Between seventy-five and one hundred persons were present. The evening was served in the banquet hall and relished by all present.

The board held its regular quarterly meeting also and discussed various matters, among which was the amalgamation of the board and the Business Men's Association. It was decided to meet with quite general favor and there is a probability that the union may be brought about if the latter association is also favorable which it is understood to be.

Selectman Horace D. Cheney of South Manchester was the guest of the evening and gave a very interesting talk on civic affairs as relating to his own town. The speaker brought out a number of points that might well be adopted here and the members and guests present were given considerable food for thought and later consideration.

No Special Meeting Common Council.

Mayor Daniel P. Dunn has decided not to call a special meeting of the common council to submit his list of appointments, but will allow the council to meet on Tuesday evening, the next regular meeting night of the council. It is understood that the republican members of the council have prepared their slate of appointments and the result of the action taken at the meeting Monday night will be eagerly awaited by the general public.

G. A. R. Installation.

Francis S. Long post, No. 30, G. A. R. held its installation of officers in the Grand Army hall Tuesday evening. Past Commander John J. Briery was the installing officer. There was not a very large attendance, as quite a number of the comrades are slightly under the weather because of severe colds contracted during the recent bad weather. A very pleasant time was enjoyed, however, by those who were privileged to be present.

JEWETT CITY

Mrs. Cora E. Saberry to Address W. C. T. U.—Installation of Baptist C. E. Officers—Warden Lewis Administrators Oath to Fire Police.

The regular meeting of the W. C. T. U. was held in library hall on Tuesday afternoon, Mrs. E. W. Potter, the president, presiding. The new officers were installed. The speaker, Mrs. Cora E. Saberry of New York, was a speaker for the quarterly meeting on the 8th; also to hold the large trust company in the directorate of the former. Other directors of the Bankers' Trust company, including Mr. E. B. Hubbard, president, and Mr. J. S. Jeffers, vice president, respectively, of the Chase National bank, and William H. Porter, president of the Chemical National bank, are active in the affairs of the Guaranty Trust company, which is to be made the titular head of the Guaranty-Morton-Fifth Avenue consolidation.

Relations between the Morgan interests and the Manhattan Trust company have always been intimate, though the latter is not regarded as a Morgan appendage. It is perhaps significant that the building now occupied by the Manhattan Trust company is to be razed soon, to make way for a thirty-two story building to be erected by the Bankers' Trust company.

Deposits of the Bankers' Trust aggregate \$46,500,000, and those of the Manhattan \$18,000,000, so that the two companies, if combined with those now in process of absorption by the large trust companies, would total deposits more than two hundred million dollars.

National banking interests do not look with uniform favor on the idea of trust company power. It was pointed out today that (inasmuch as the law makes it possible for the trust companies to hold stocks and to exercise other advantages forbidden to banks by the provisions of the national banking act, it would be easily possible for the large trust companies to take up many underwriting propositions which the large banks of Wall street, under the law, found it inexpedient to handle.

Dr. Wu, Gives Parting Advice to America.

"You Americans eat too much; you rush too hard; you work too hard; you play too hard; you are too much concerned with the almighty dollar; you are wearing yourselves out, and then I come back here in 1910 to impart new truths to you. I will be the youngest man in America."

Such was the farewell of former Minister Wu Ting Fang to America, when he boarded the Lusitania Thursday for Liverpool. Dr. Wu will spend two months in London with his son, who came here before returning to China. Accompanying him are Mrs. Wu, his wife, his daughter-in-law, Mrs. Wu, the Chinese and the latter's two daughters and infant son. Dr. Wu, on board the Lusitania, was very much concerned about his baggage.

"What do you think the prospects are for the ultimate repeal of the Chinese exclusion laws?" he was asked.

"I am really worried about those handbags," said the diplomatist.

Town Health Officer Ill.

Dr. Hubert D. Brennan, the town health officer of Bristol, who has been seriously ill for some weeks at his home on High street, is considerably better. He has been suffering from a low fever.

R. A. BRUBECK, Principal. NEW LONDON, CONN.

Carries Missives from Chicago Doctor to Woman Accused of Nautaguck Murder.

The New Haven Jail authorities have discovered that Stephen K. Kitchin, the young woman confined in the Whalley ave. jail awaiting trial for the murder of Edward Kitchin last September in Union City, has developed a romantic love affair.

Dr. A. K. Ruckuskauskas of Chicago, having seen accounts of the arrest and charges against her, in the newspapers, opened a correspondence with her, and until very lately letters have been flying back and forth between Chicago and New Haven with considerable frequency. The couple at first corresponded in English, but recently began writing in a foreign language.

The jail authorities objected to cor-

respondence in a language they could not understand, and so held up the letters for the time being.

The state attorney has been consulted in the matter and it is understood that a Polish interpreter will be called into the jail to look over the mail already received.

ADDITIONAL TRUST COMPANY CONSOLIDATION.

Enormous Sum of \$210,000,000 in Deposits Alone Under Consideration.

New York, Jan. 4.—J. Pierpont Morgan and associates may control through further trust company mergers in New York now under consideration the enormous sum of \$210,000,000 in deposits alone. This is approximately \$24,000,000 more than the deposits of the National City bank of this city, the largest financial institution in the United States.

Consolidation of national trust company consolidation are given credence in view of yesterday's announcement of merger by J. P. Morgan & Co. of the Guaranty Trust, Morton Trust and Fifth Avenue Trust companies, with combined deposits of about \$100,000,000. This brought a revival in the financial district of rumors embracing the Bankers' Trust and the Manhattan Trust companies in the same combination. There were definite rumors that the Mercantile Trust company and the Equitable Trust company eventually will be taken into some sort of a powerful alliance.

In point of fact, the Bankers' Trust company is already closely affiliated with the so-called Morgan interests in that two partners in the Morgan banking house—George W. Perkins and J. P. Morgan—are in the directorate of the former. Other directors of the Bankers' Trust company, including Mr. E. B. Hubbard, president, and Mr. J. S. Jeffers, vice president, respectively, of the Chase National bank, and William H. Porter, president of the Chemical National bank, are active in the affairs of the Guaranty Trust company, which is to be made the titular head of the Guaranty-Morton-Fifth Avenue consolidation.
